Gender Equality Network **(GEN - formerly the Women's Protection Technical Working Group)**

Name of the Network	:	Gender Equality Network (GEN - formerly the Women's Protection Technical Working Group)
Contact Person	:	May Sabe Phyu, Senior Coordinator
Address	:	No. 1, Wingabar Road, Shwe Gone Daing, Bahan Tsp, Yangon
Phone	:	+95-1-546671 (Ext: 205), 8603142
E-mail	:	gen.myanmar@gmail.com, phyuphyuwp@gmail.com

Background

In response to Cyclone Nargis in May 2008, the inter-agency Women's Protection Technical Working Group (now known as the Gender Equality Network) was formed specifically to focus on multi-sectoral and cross-cutting issues faced by women in cyclone-affected areas. Specific programming and advocacy efforts included the following:

- Advocating for and contributing to the inclusion of women's needs in Cyclone response assessments and strategic planning documents
- Drafting of the Referral Protocol and Pathway for Gender-Based Violence Cases, and the provision of services
- Adaptation, translation and distribution of key guidance documents including Codes of Conduct, key gender messages, gender guidelines and conduct of research.

The Network now has a broader mandate - both geographically and by taking a more comprehensive approach to gender equality and women's empowerment throughout Myanmar. This is done through: coordination and networking; facilitating capacity development and training; data collection and analysis; and advocacy, communications and research.

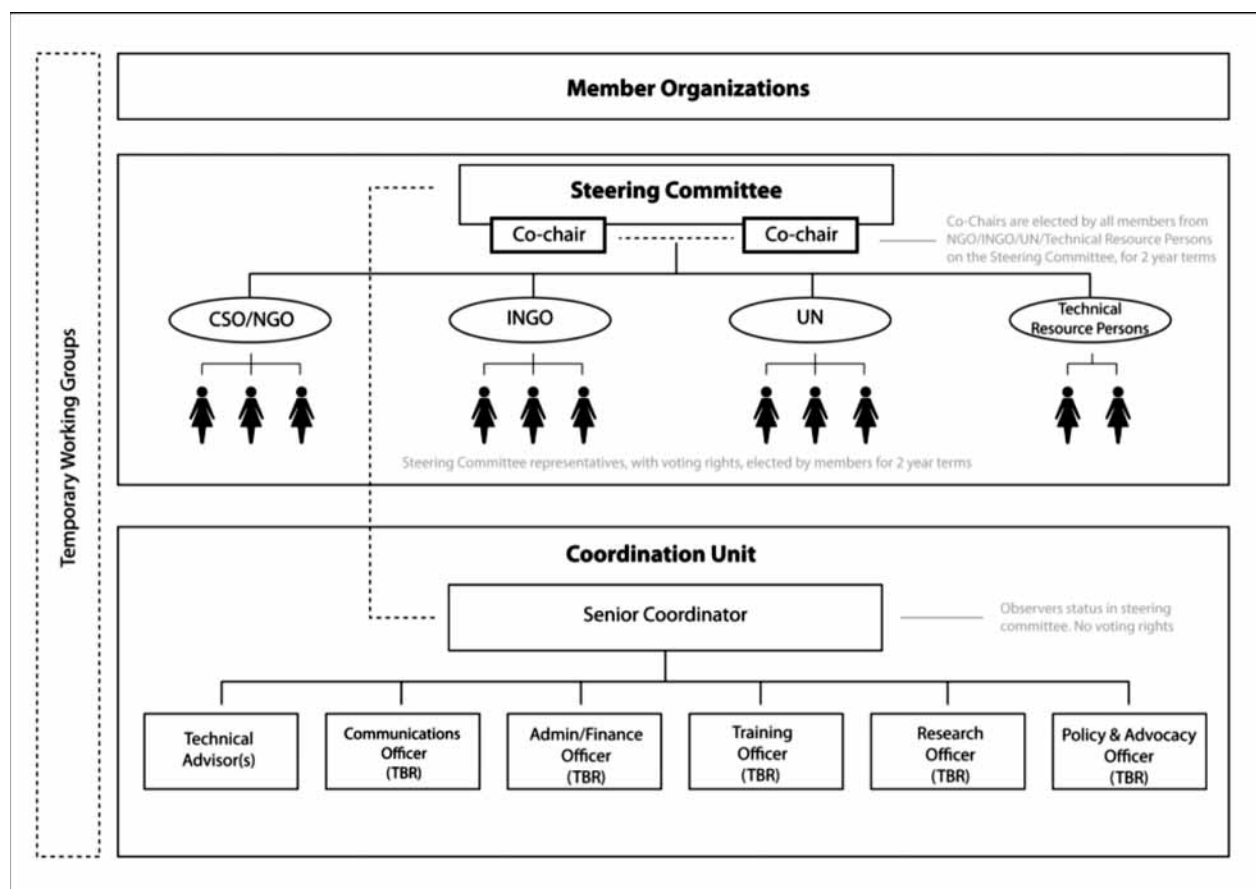

GEN Vision

Myanmar is a society in which there is gender equality at all levels – where all women are empowered, can fully realize their rights, are in position where they can effectively lead, and are treated with dignity and respect

Objective

To support the development and implementation of enabling systems, structures and practices for the advancement of women, gender equality, and the realisation of women's rights in Myanmar

Network Structure

Key Focused Areas

- ❖ Contributing to the development of laws, policies, systems, structures and practices to achieve women's rights and participation at every level
- ❖ Contributing to the articulation and reinforcement of social practices and cultural norms that favour gender equality, and changing those that discriminate against women
- ❖ Promoting women's participation in leadership and public life, and supporting women to have the capacity and opportunity to effectively exercise their roles in all sectors
- ❖ Addressing gender-based violence through increasing awareness and support to stakeholders for implementation of effective evidence-based mechanisms and strategies to prevent and mitigate violence against women and girls
- ❖ Strengthening GEN to continue to be a dynamic and cohesive network of skilled and confident members who are able to work effectively for women's rights and gender equality

Key Achievement

- ❖ Cyclone Nargis Emergency Response – Research Reports: the Women's Livelihoods Assessment, and the Women's Protection Assessments: Post-Cyclone Nargis
- ❖ Assistance in the drafting of the National Strategic Plan for the Advancement of Women 2012 - 2021 (NSPAW)
- ❖ Supporting efforts to analyse raise awareness and draft laws focused on the protection and equality of women
- ❖ Assistance to draft the Myanmar Plan of Action for Women in Emergencies
- ❖ Translation of the IASC Gender in Emergency Checklists into Myanmar
- ❖ Workshops and seminars organised and/or supported by GEN include:
 - Women Speaker's Event: "Women, Feminism, Networks and Myanmar's Future"
 - Foreign Investment and the Gender Implications for Myanmar
 - Gender and Disability
 - Social Protection, Small Scale Agriculture and Gender
 - Gender Budgeting Workshop
 - Promoting Women's Participation in Local Government – the Bangladeshi Experience

- Gender and Climate Change
- Women's Participation in Decision-Making and Public Life
- Gender and Media
- Gender Mainstreaming in Governance
- Learning from the Region: Market Liberalisation, Economic Growth and Gender

Network Membership Criteria

The Gender Equality Network membership is both inclusive and strategic as it encompasses members with a sound understanding of situations and needs at the grassroots level and with access to marginalized populations; members with technical expertise and/or ability to source and access such expertise; and members with access to information and skills to engage on emerging opportunities in terms of policy development and funding opportunities. Members are non for profit, non-political and who has interest and involve work on Women's Rights and Gender Equality in Myanmar.

Members of Network

The Gender Equality Network is an active inter-agency network, comprising approximately 60 national and international NGOs, UN agencies, civil society networks and technical resource persons as approved by the membership. A Steering Committee comprising up to twelve members guides and facilitates the effective functioning and strategic direction of the network. The Gender Equality Network works collaboratively with key stakeholders to promote gender equality and women's rights throughout Myanmar.

Myanmar NGO Network (MNN)

Name of the Network	:	Myanmar NGO Network (MNN)
Contact Person	:	U Ngwe Thein (Secretary)
Address	:	3 rd Floor, Salomon Business Centre, No. 224 (A), Bahan Township, Yangon.
Phone	:	0973045940
E-mail	:	mnn@myanmar.com.mm mnnnetwork@gmail.com
Website	:	www.myanmarngonetwork.org

Background

Civil societies, including non-government organizations in Myanmar have been playing important role in social and development sector since pre-independence time. The role of Myanmar NGOs has become more important and crucial when international NGOs came into Myanmar in early 1990s. International NGOs and some UN agencies are in partnering with Myanmar NGOs implementing their programs and projects and this opportunity has given the Myanmar NGOs to become more developed and experienced. Nevertheless, the Myanmar NGOs (MNGOs) used to focus on their own objectives and the purpose of partnership agreements and they had not taken the opportunity to communicate, coordinate and cooperate with other MNGOs with similar scope of work.

In and around 2002, INGOs started meeting among them regularly and they shared information, experience, updated their work and put collaborative effort to resolve their common problems and issues. These events attracted MNGOs and they insisted their partner INGOs to allow them participate in the meetings. By this way, MNGOs started attending the INGO meetings since early 2003.

Another significant event in the history of MNGOs was the first gathering of organizations held in April 2004, at the Inya Lake Hotel. During the single day event the organizations exhibited their activities in the form of photos, documents and product materials, and an understanding and friendship among MNGOs, have also been built. One of the topics discussed in the meeting was about the Philippines' NGO network, and many MNGOs got a chance to know the nature of a network for the first time.

Initial attendance of MNGOs at the INGO meeting was high due to their curiosity and enthusiasm. However, when they observed that the issues and agendas of the meeting were not that of their interest, and their participation gradually declined.

Anyway every INGOs and MNGOs agreed to meet among them regularly but not monthly and thus the NGO coordination meeting has been meeting every other month since February 2005 and at the same time both INGOs and MNGOs agreed to meet separately in the following month of the NGO coordination meeting.

Late 2007 and early 2008, MNGOs reviewed the purpose of their meeting and the outcome and expressed the need to put effort to make the meeting more meaningful and fruitful. The initial and consensus agreement was reached early 2008 to start organizing three thematic networks; Health, Environment, and child and women. MNGOs working in Health Sector met about 3 times to identify the objectives, the basic principles and the functions of the thematic group (Network) before the cyclone Nargis struck Myanmar. These initiatives and efforts were temporarily ceased as most of them were affected and were involved in the rescue and relief work.

All the MNGOs involving in the relief and rescue work of the cyclone, came together weekly and shared information, experience and sought opportunities for new areas of work since middle of May 2008.

With each organisation performing their own activities and the discussions reached by the coordination meeting led to increased awareness among MNGOs about the importance of their own organizations, the necessity of unity and close relationship among them, and the requirement of a body to represent MNGOs in communicating with the government bodies, INGOs and the UN organisations. The MNGOs convinced that only when they were united and well-experienced international donors would acknowledge their integrity and capability, and would make direct contact with MNGOs.

Therefore, formation of Myanmar NGO Network became an unavoidable obligation of leading Myanmar NGOs and which they discussed in a succession of weekly meetings and as the final outcome, the Myanmar NGO Network emerged on 13 August 2008.

Vision/Mission

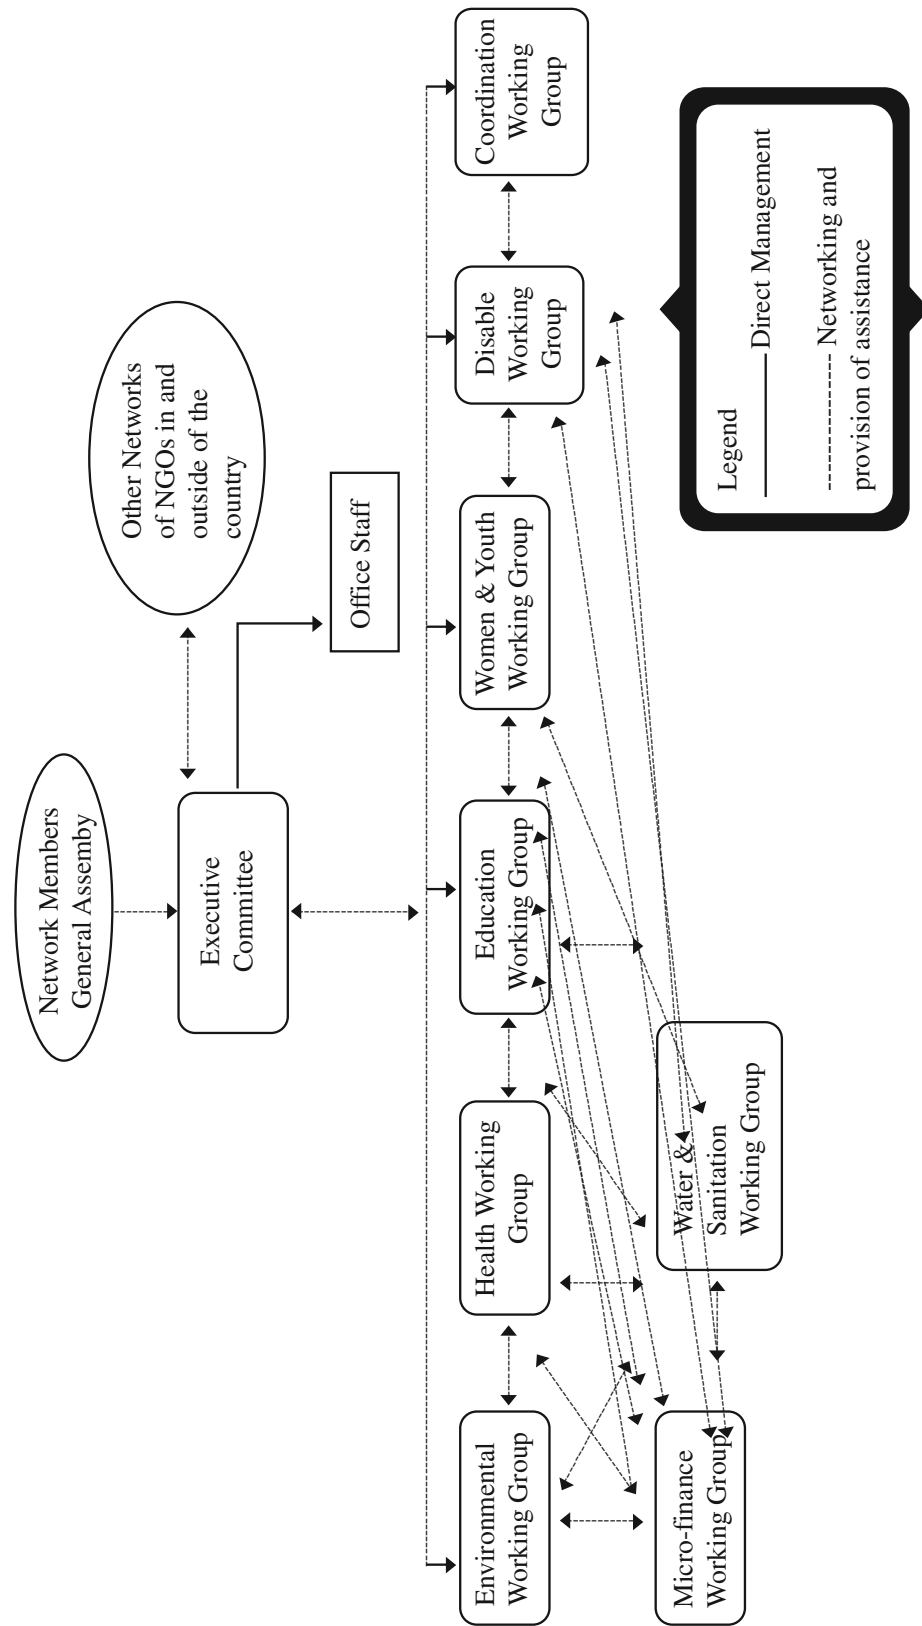

We aim for strengthening and development of civil society working for the interest of the Myanmar People and to represent to the state and the international organizations.

Objective

The Myanmar NGO Network has been formed for the following objectives:

- (a) To undertake coordination and cooperation speedily and effectively among Myanmar NGOs.

Myanmar Positive Group (MPG) (National PLHIV Network)

Name of the Network	:	Myanmar Positive Group (MPG) (National PLHIV Network)
Contact Person	:	U Myo Thant Aung, U Minn San Htun
Address	:	No-12/F, Pyi Thu Street, 7 Miles Mayan Gone Township, Yangon, Myanmar.
Phone	:	662484, 665904, 666532, Ext-214, 094 303 2951
E-mail	:	myanmarpositivegroup@gmail.com, info@mpgnationalnetwork.org
Website	:	www.mpgnationalnetwork.org

Background

GIPA Initiative Group (GIPAIG) had been established since March, 2005 starting with 9 initiators from INGO and NGO by the support of International HIV/AIDS Alliance and UNDP. It was changed as Myanmar Positive Group (MPG) (National PLHIV Network) in 2006 to make sure and reduce confusion from the GIPA concept. The main objectives of MPG are building up skills and capacity for PLHIV base on GIPA concept, networking between PLHIV individuals and Self Help Groups, reducing stigma and discrimination among PLHIV and community, representation for PLHIV in Myanmar, advocating for PLHIV rights of access to treatment and quality services and developing more PLHIV Self Help groups. When MPG was established, only 47 Self Help Groups were networked and got more networking with 209 Self Help Groups in 2011. Now, 214 Self Help Groups across from Myanmar are networking with MPG.

MPG becomes a strong network not only for the whole country but also with the Asia Pacific and Global network to collect one collective voice of the needs of PLHIV in Myanmar. The Board and Executive Committee of MPG was set up with 12 representatives from Regionals and

4 representatives from MARPS networks who are elected from Self Help Groups in each region. We had developed Articles of Association of MPG in March, 2011. Two representatives and two alternatives from MPG are representing in Myanmar Country Coordination Mechanism for AIDS, TB and Malaria (MCCM). And then two representatives of MPG are representing in Technical Strategic Group (TSG) for HIV/AIDS Component as permanent members.

MPG's CORE VALUES

For the PLHIV in Myanmar

- Equal right
- Life with Dignity
- Transparency
- Representation
- Accountability
- Cooperation with due respect
- Capacity development

GOAL

To promote Greater and Meaningful Involvement of PLHIV in the HIV/AIDS responses in Myanmar

Vision

To create a better life for positive people by networking with all positive self-help groups in Myanmar and working towards a formal national network

Mission

MPG represents PLHIV and their families in order to ensure sustainability and meaningful involvement of PLHIV in Prevention, Care and Support. MPG is a network coordinated and in collaboration with key stakeholders and Civil Society Organization (Network).

Objectives

1. To provide a strong pro-active voice and advocate on behalf of PLHIV in Myanmar
2. To lobby for full and equal representation of PLHIV on all relevant decision making bodies.
3. To facilitate communication and exchange of information between PLHIV Myanmar.
4. To provide opportunities for PLHIV to develop a range of skills.
5. To give visibility to PLHIV in order to overcome the fear, ignorance and prejudice they face and to counter all forms of discrimination against PLHIV.
6. To lobby for universal access to treatment, care and support.

The Main Tasks

1. Attend and participate fully in national , Regional and International levels representing for PLHIV and their families in Myanmar
2. Build up capacity and skills for network members
3. Expand networking with SHGs in National, Regional and International
4. Advocate to all levels for the rights of PLHIV by meeting with other organizations and by printing and sharing IEC
5. Reduce stigma and discrimination among PLHIV and their families.

E-mail	:	zinmar.naywin@gmail.com

Background

The Thadar Consortium was formed in October 2008, to meet immediate post-cyclone livelihood recovery objectives through an integrated approach, coordinated action, quality programming and joint learning, in addition to continuous reflection on their approaches to relief and recovery.

The “Thadar Consortium”, comprises ActionAid (lead agency), Capacity Building Initiative (CBI), Myanmar NGO Network (MNN), Comprehensive Development Education Center (CDEC), Paungku, and Pyoe Pin. Thadar aims to support the development of stronger civil society Networks by demonstrating the way of working together as the coalitions to achieve better results. The Consortium works at a national level to support a set of local NGO Implementing Partners (IPs) who in turn provide communities with humanitarian relief and recovery services as entry point and gradually gearing them towards community led empowerment processes.

Project Achieved

I. “Civil Society-led Livelihood Recovery Program”

Partnership with 14 local organisations directly assisted to more than 51000 families in Arewarwady for relief and recovery supports in;

- Small enterprises,
- agriculture and livestock inputs
- and fishery assets replacement)

II. Civil Society-led Livelihood Recovery Program” in August 2009

Partnership with 12 local organisation provided livelihood assets recovery and replacement for about 5000 the most vulnerable cyclone-affected 4 townships in Arrawady.

Current Projects: (funded by LIFT)

I. Project in Dry Zone

II. Project in Delta

I. “Civil Society- Led Community based Livelihood Resources Development in the Dry Zone”

This project aims to address food insecurity issues by improving agricultural livelihoods and incomes of the most deprived people in 37 selected villages in 5 townships in the Dry Zone [Magwe, Saytoktayar, Pakokku, Aunglan and Taungoo Townships]

Partner organizations

- Myanmar Baptist Convention (MBC)
- Environmental Conservation and Livelihoods Outreach Fund (ECLOF)
- Swanyee Development Foundation
- Myanmar Council of Churches (MCC)
- Yangon Kayin Baptist Women’s Association (YKBWA)

These local NGOs are working inter-dependently in collective force by engaging with the stakeholders of mutual concerns including the government and the private sector to address the issues.

Project duration: (2011 July to 2014 June)

II. “Building Local Capacities for Livelihoods Systems Approaches in the Ayeyarwaddy Delta”

This project aims to strengthen the organizational capacities of local (LNGOs) to implement sustainable livelihood programs, and to have functioning community-based organizations working for development and social protection in their villages.

Working in partnership with 8 local NGOs;

- Ratana Metta Organization (RMO),
- Thingaha Organization,
- Myanmar Ceramic Society (MCS),
- Social Vision Services (SVS),
- Nan Oo Parahita,
- Swanyee Development Foundation
- Searchers-Myanmar Development Organization (SMDO)
- Myanmar Baptist Churches Union (MBCU)

The project is working in 24 villages from 6 village tracts of Bogale and Mawlamyinegyun townships of Ayeyarwaddy Division.

Project duration: (September 2011 to August 2014)

Goal

The goal of the Consortium is to build civil society through the development of local NGOs and CBOs in structures that support bottom-up development efforts that engender stronger local communities.

Objectives

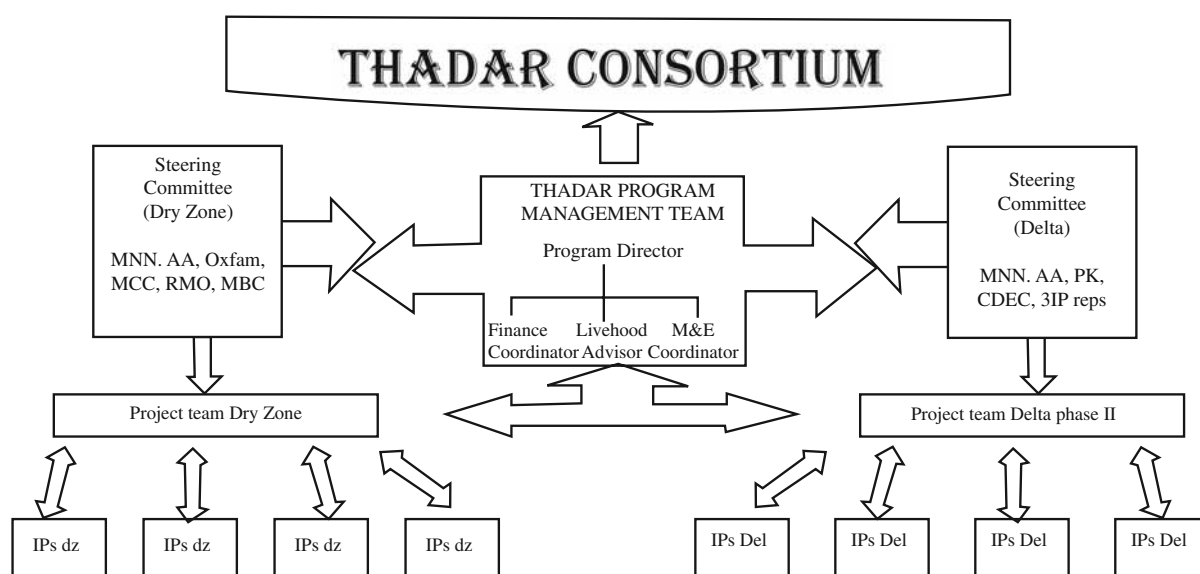

To Strengthen LNGO capacity to play key role in Civil Society by facilitating the linkages between the key stakeholders to promote good practices, accountability standards & principles and support the mentoring of CBOs (capacity building, engagement in decision making) and build their capacity

To empower the communities to actively engage with state and non-state actors to mobilize resources, and provide linkages related to sustainable livelihood

To strengthen opportunities for advocacy in supporting effective change in policy and practice, through identification of common issues and advocacy

To demonstrate benefits of consortium approach for effective implementation of working together

Background

The Women's Organizations Network (WON) is a non-governmental civil society network of women's departments and organizations. It was initiated and firstly organized by Thingaha Gender Working Group with the purpose of information and experience sharing, mutual learning and creating collaborative activities among the local women's organizations that involved in cyclone Nargis emergency response. The first joint meeting of Thingaha and Local women's organizations was held on August 27, 2008 and it was participated by 9 women's departments and organizations.

Since then, monthly network meeting was conducted under the facilitation of Thingaha. After one year of such collaboration activities, the first conference of women's organizations was held on October 19- 20, 2009 at Karaweik Palace Hall in Yangon by the financial support of Swissaid-Myanmar and Oxfam G.B. Over 60 delegates from 22 women's organizations and stakeholders such as UN agencies, INGOs and NGOs attended the conference. The conference appointed steering committee of the network for the first one-year term of November 2009 - October 2010. Under the leadership of steering committee, WON coordination office was set up in January 2010. WON thrives to trying positive changes to the present social structure and thereby improve the status of women and girls in Myanmar.
