Observations

- Armed conflicts are the biggest threats to human security in Muslim Mindanao
- Elimination of armed conflicts do not automatically eradicate other threats to human security but necessary step to effectively address them

Recommendations

- **In time of armed conflict**

Urge conflicting parties to observe international humanitarian laws and human rights laws

Recommendations

- **GRP-MILF Negotiations**

The negotiations should be carried out within the human security framework

- The parties should take into consideration the protection of the vital core of all human lives of the Bangsamoro people in ways that will enhance their freedom and human fulfillment.
- Re-thinking on concepts of inviolability of the constitution, sovereignty and territorial integrity of the state.

Recommendations

- **Post-conflict situation**

Post-conflict reconstructions should be carried out within the human security framework

- Protection and empowerment of people that promote a culture of human security

Recommendations

Support programs on:

– Governance

- **Accountable and transparent governance**
- **Elimination of corruption**
- **Election reforms**
- **People's participation in decision-making**

– Socio-economic welfare

- **Provide Bangsamoro minimum living standard**
- **Capacitate them to earn adequate income**
- **Access to education**
- **Access to health care**

– Security

- **Security arrangement that will involve forces of government and sovereignty-based groups**
- **Disarming and decapacitating warlords, criminal elements, terrorist groups, kidnap for ransom groups, etc.**
- **Collection of firearms from individuals/families**

– Justice

- **Effective, efficient and accessible justice system**
- **Rule of law**

Recommendations

- Establishment of human security funds for reconstruction of conflicted areas
- Research on state of human security in conflict-affected areas
