FINANCIAL YEAR 2008**

MINISTRY OF FINANCE

NATIONAL DIRECTORATE OF TREASURY

Preface

The Treasurer's Financial Report of the Government for the Financial Year 2008 has been prepared in pursuance of the requirements of Section 24 (a)(i) and (ii) of Regulation 2000/20 on 'Budget and financial Management', as amended under Section 39 of Regulation 2001/13 on 'Budget and Financial Management' and is in compliance with Regulation 2000/01, the enabling legislation establishing the Central Fiscal Authority. This is the ninth such report brought out by the Treasury.

The Government had declared that 2008 is the "Year of Reform" and in that light the Ministry of Finance, including the Treasury, is undergoing reforms to further improve its internal systems to meet the increased demands placed upon it.

The data compiled and presented in this report aim to provide reliable, meaningful and useful information to the National Parliament as well as to the people of the Democratic Republic of Timor-Leste and other concerned users.

The report includes the audited Annual Consolidated Financial Statements, consistent with the Cash Based principles of public sector accounting and the supplementary statements prepared in accordance with final appropriation.

I present, to the Honorable Members of the National Parliament, the Accounts and Report of the Financial Year 2008.

DIRECTOR OF TREASURY'S REPORT

Accounting Policy

1. Basis of preparation

The consolidated financial statements have been prepared in accordance with International Public Sector Accounting Standards Board Financial Reporting under the Cash Basis of Accounting ("IPSAS Cash Basis").

2. Financial Reporting Under the Cash Basis of Accounting

Section 39.1 (b) of the UNTAET regulation 2001/13 states that Ministry of Finance shall submit a set of consolidated financial statements compiled by the treasury consistent with international accounting standards that have been audited. Further section 37.1 (b) states that the accounting records shall be kept with IMF GFS cash basis classification. Accordingly these consolidated financial statements have been prepared on the basis of IPSAS *Cash Basis*.

Previously the financial statements were prepared under a "modified cash basis".

This is the first year of adoption and preparation of the financial statements in accordance with the IPSAS *Cash Basis* standard. Accordingly, the financial statements consist of transactions during the calendar year period of 1 January 2008 till 31 December 2008 only.

3. Financial Reporting Against Budget Appropriation

Prime Minister in his directive dated 4th May 2009 required that the disbursement against obligations for financial year 2008 should be charged against the appropriations for that year for goods and services received up to the date of directive. Accordingly supplementary financial statements consist of transactions charged against budget appropriation for the period 1 January 2008 till 30 June 2009. These statements reflect the budget execution charged against the appropriations.

Overview of Financial Position

4. Budget Expenditure Estimates

The Original Budget of Financial Year 2008 was approved on 31 December 2007 vide Law No 10/2007. During the Financial Year, Parliament rectified the State Budget and approved vide Law Number 12/2008 which was published in *Jornal da República* on 5 August 2008. The revised Appropriations approved were US \$ 788.312 million.

The revised Non- Petroleum Revenue Receipts for Financial Year 2008 were estimated at US \$ 86.7 million. Parliament approved revised transfers from Petroleum Fund of up to US \$ 686.8 million

during the year, however, the Court of Appeal in its decision held that an amount not exceeding US\$ 396 million could be transferred from Petroleum Fund to the State General Account during the Financial Year. Therefore this decision was adhered to and the final budget of ESF has been taken to be the same as the expenditure of US\$ 61.75 million.

Appropriation Category	Original Appropriations (US\$ '000)	Revised Budget Estimates (US\$'000)	Final Budget (US\$'000)
Salary & Wages	48,028	58,884	59,054
Goods & Services	143,696	207,407	194,707

Economic Stabilization Fund (ESF)	0	240,000	61,747
Total	347,753	788,312	610,059

5. Financial Estimates

Table below describes the revenue and expenditure estimates, and also shows financing of the budget. The revised budget estimated a total expenditure of US\$ 788.312 million with domestic non-petroleum revenue estimated at US\$ 86.700 million. The total financial deficit was estimated as US\$ 701.612 million (US\$788.312 – US\$86.700 million). This deficit was to be financed by transfers from Petroleum Fund of US\$ 686.800 million and by use of cash balance of US\$ 14.812 million.

Taking into account the decision of the Court of Appeal, the final budget for total receipts was US\$ 482.700 million and for expenditure was US\$ 610.059 million.

Conclusion

Budget execution for the financial year 2008 under review remained a challenging task. In spite of the various constraints, and considering budget outlay significantly more than the previous years, overall cash execution of 79.3% is satisfactory. Agencies and District Finance Officers were continuously guided in improving the budget execution process and expenditure management.

During the course of financial year Treasury has been able to accomplish the stewardship and fiduciary role by instilling better quality in expenditure, financial discipline, accountability and transparency.

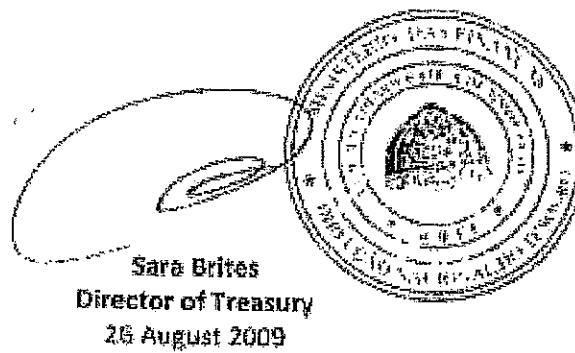

Statement of Ministry of Finance's responsibilities for the preparation and approval of the financial statements for the year ended 31 December 2008

The following statement, which should be read in conjunction with the independent auditors' responsibilities stated in the report of the independent auditors, is made with a view to distinguishing the respective responsibilities of Ministry of Finance and those of the independent auditors in relation to the Financial Statements of The Consolidated Fund of the Government of the Democratic Republic of Timor-Leste ("Consolidated Fund").

The Ministry of Finance is responsible for the preparation and fair presentation of the Financial Statements in accordance with the International Public Sector Accounting Standard Financial Reporting under the Cash Basis of Accounting and United Nations Transitional Administration Regulation 2001/13 on Budget and Financial Management.

This responsibility also includes designing, establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; and selecting and applying appropriate accounting policies.

The accompanying financial statements for the year ended 31 December 2008 were approved on behalf of the Ministry of Finance by:

Independent Auditor's Report to the Minister of Finance

We have audited the accompanying Financial Statements of The Consolidated Fund of the Government of the Democratic Republic of Timor-Leste ("Consolidated Fund"), which comprises the consolidated statement for cash receipts and payments for the year ended 31 December 2008, and a summary of significant accounting policies and other explanatory notes as set out on pages 13 to 21.

Ministry of Finance's Responsibility for the Financial Statements

The Ministry of Finance is responsible for the preparation and fair presentation of the Financial Statements in accordance with the International Public Sector Accounting Standard *Financial Reporting under the Cash Basis of Accounting*. This responsibility also includes designing, establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; and selecting and applying appropriate accounting policies.

Auditor's Responsibility

Our responsibility is to express an opinion on the Financial Statements based on our audit. Except as discussed in the Basis for Qualified Auditor's Opinion, we conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Government's preparation and fair presentation of the Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Government's internal control. An audit also includes evaluating the appropriateness of accounting policies used, as well as evaluating the overall presentation of the Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Member of
Deloitte Touche Tohmatsu

Basis for Qualified Auditor's Opinion

The Financial Statements for the 6 months ended 31 December 2007 were audited by another auditor, whose report dated 26 June 2008 expressed a qualified audit opinion on those Financial Statements on the following basis:

- Five of the Treasury's bank accounts (including the main operating account), had not been adequately reconciled to the bank statements as at 31 December 2007. Accordingly, they were unable to determine if all bank transactions relating to these accounts had been correctly recorded in the Treasury's accounts, and whether bank balances were fairly stated.
- The amounts recorded as revenue in the Financial Statements relating to taxation income from the East Timor Revenue Service ("ETRS") and from the National Administration of Customs ("Customs") were not reconciled to the accounting records maintained at these agencies. Accordingly, they did not express an opinion as to whether all tax revenue had been banked and could not determine the effects of adjustments, if any, as might have been determined to be necessary had this limitation not existed.
- The value of "unallocated stores" of USD \$1.176 million disclosed in the financial statements did not reflect the actual value of the asset at the 31 December 2007.

We were unable to review the prior year audit working papers and were not able to perform alternative audit procedures to enable us to form an opinion on the opening cash balance as at 31 December 2007 or on the adjustment of US\$73,270,000 in Note 7 relating to amounts accounted for in prior years.

Our appointment as auditors occurred after year end and therefore we were not able to:

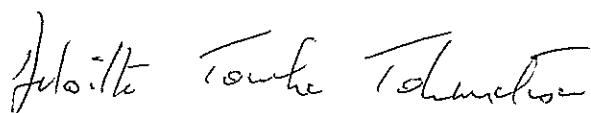

- Obtain sufficient appropriate audit evidence to support the validity of salary and wages payments to certain employees as their contracts of employment were not available for us to inspect. As many of the employees are paid throughout the country we were unable to perform alternative procedures to satisfy ourselves as to the validity of all salary and wage payments;
- Obtain sufficient appropriate audit evidence to support the validity of pension payments as many of the pension recipients live throughout the country we were unable to perform alternative procedures to satisfy ourselves as to the validity of all pension payments; and
- Attend cash counts and hence obtain sufficient appropriate audit evidence to support the validity of cash advances at year end.

The Consolidated Fund received a significant amount of cash in hand. The Consolidated Fund has determined that it is impracticable to establish control over the receipts received cash in hand prior to entry into its financial records and specifically in the bank accounts set out in note 1. Accordingly, as the evidence available to us regarding cash receipts from this source was limited, our audit procedures with respect to cash received in hand had to be restricted to the amounts recorded in the bank accounts set out in Note 1. We therefore are unable to confirm that the cash in hand receipts recorded by the Consolidated Fund are complete.

In Note 7 adjustments are made to account for receipts amounting to US\$817,000 and payments amounting to US\$116,746,000 being post 31 December 2008 transactions accounted for in accordance with the Prime Minister's 4 May 2009 Directive. We were unable to satisfy ourselves as to the completeness of these receipts and payments as we have not audited all receipts and payments for the period 1 January 2009 to 30 June 2009 and we were unable to satisfy ourselves as to completeness through alternative audit procedures.

Qualified Auditor's Opinion

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the limitations described in the previous paragraphs not existed, the Financial Statements of the Consolidated Fund present fairly, in all material respects, the cash balances as at 31 December 2008 and the cash receipts and payments for the year then ended, in accordance with the International Public Sector Accounting Standard *Financial Reporting under the Cash Basis of Accounting..*

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2008

1. Accounting Policies

Basis of preparation

Section 39.1 (b) of the United Nations Transitional Administration in East Timor ('UNTAET') Regulation 2001/13 states that Ministry of Finance shall submit a set of consolidated financial statements compiled by the treasury consistent with international accounting standards. Accordingly the financial statements have been prepared in accordance with International Public Sector Accounting Standard *Financial Reporting Under the Cash Basis of Accounting* ("IPSAS Cash Basis"). This is the first year of adoption of this standard and as is permitted by the standard:

- No comparative information for the prior year is provided
- From the date of first application, for a period of two years, separate disclosure is not provided for undrawn external assistance
- From the date of first application, for a period of three years, transactions and cash balances between entities within the Consolidated Fund are not eliminated

Further there has been no early application of the following Sections of the Standard which are effective for years beginning on or after 1 January 2009:

- Section 1.9 "Presentation of Budget Information in the Financial Statements"
- Section 1.10 "Recipients of External Assistance"

The accounting policies have been applied consistently throughout the year.

Previously the financial statements were prepared under a "modified cash basis" which was defined as in the prior year financial statements as being:

Revenues (taxes, donations and other forms of non-reciprocal revenues) are recognised in the period in which they are deposited to the relevant bank account, but expenditures on certain capital procurements and constructions, as well as on certain goods and services appropriations, have been accounted for in the year in which a budgetary appropriation has been made and an obligation created through the raising of a Purchase Order or the creation of a commitment against the programme budget, notwithstanding full payments having not been effected in the same reference period.

Reporting period

The reporting period for the consolidated financial statements is 1 January 2008 to 31 December 2008.

REPÚBLICA DEMOCRÁTICA DE TIMOR-LESTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2008

Reporting Entity

The financial statements are for the national government of República Democrática de Timor-Leste ("The Consolidated Fund"). The financial statements encompass the reporting entity as specified in the UNTAET Regulation 2001/13, this comprises:

- Central government ministries; and
- Autonomous agencies that are under the control of the entity.

The consolidated financial statements include all entities controlled during the year. A list of significant controlled entities is shown in Note 4 to the consolidated financial statements.

As they are constituted under separate law and do not form part of the reporting entity the Petroleum Fund of Timor-Leste and the Banking and Payments Authority of Timor-Leste are not included in the consolidated financial statements.

Reporting currency

All amounts are presented in United States Dollars ("US\$").

Cash

Cash comprises cash on hand, demand deposits and cash equivalents. Demand deposits and cash equivalents consist of balances with banks. UNTAET Regulation 2001/13 sets out in Section 7 the requirements for operating official bank accounts.

Cash on hand is comprised of petty cash and amounts advanced to districts, embassies and agencies. The amounts represent actual cash on hand as at the yearend and/or payments made but not yet recorded in the books of account.

Receipts

The Consolidated Statement for Cash Receipts and Payments records receipts deposited into the official bank accounts of the Consolidated Fund and includes the following:

Taxation

Tax receipts comprises of all amounts collected by the National Directorates of Customs and Domestic Taxes in accordance with applicable laws and or regulations.

Petroleum Fund Receipts

Petroleum Fund receipts represent amounts received from the Petroleum Fund of Timor-Leste.

Grant

Grant receipts are amounts received from multilateral or bilateral agencies.

Trading

Trading receipts are the proceeds received from the sale of goods and/or the provision of services

Payments

The Consolidated Statement for Cash Receipts and Payments records payments made through the official bank accounts of the Consolidated Fund and includes the following:

Salaries and Wages

Salaries and wages comprise payments to employees, political executive and members of parliament.

Goods and Services

Goods and/or services excludes capital payments which are disclosed separately

Grants

Grant payments are amounts given to third parties for specific projects and are recognised when the payment is made to the entity administering the project.

Other transfer payments

Other transfer payments include amounts paid to the elderly, former members of parliament and civil servants, war veterans and internally displaced persons.

Purchase/Construction of plant and equipment

Purchase/Construction of plant and equipment payments includes amounts relating the purchase or construction of major and minor capital equipment

The financial statement was authorized for publication on 26 August 2009 by Mrs. Sara Lobo Brites, Director of Treasury, Ministry of Finance, República Democrática de Timor-Leste.

6. Multi Donor Grant

This represents a receipt of US\$590,970 from the World Bank to the Consolidated Fund of Timor-Leste. This receipt was received due to the closure of Second Health Sector Rehabilitation and Development Project.

7. Comparison of Budget to Actual as determined by the 4 May 2009 Prime Ministerial Directive

As stated in Note 1, Section 1.9 "Presentation of Budget Information in the Financial Statements" of the IPSAS Cash Basis Standard has not been early applied.

However as the Government makes its budget public it is considered useful to provide a comparison against the budget. The approved budgets are developed on a modified cash basis and encompass the same entities as the consolidated financial statements as set out in Note 4 above.

The original budget was approved by legislative action on 31 December 2007 and a Mid Year Rectification Appropriation was approved by legislative action on 5 August 2008 mainly for establishment of Economic Stabilisation Fund. The budget and expenditure charge against them are given in the supplementary statement in conjunction with the financial statements.

The budget and accounting bases differ. The financial statements are prepared on a cash basis for the year ending 31 December 2008. The budget for the year ended 31 December 2008 was prepared on a modified cash basis which is the cash basis adjusted to account for liabilities existing at 31 December paid by the end of the following February.

On 4 May 2009 the Prime Minister issued a Prime Ministerial Directive which highlighted that the Government of Timor-Leste prepared the budget on a commitment basis wherein budget appropriations provided for expenses to be incurred during the financial year even though the entire goods and services may not have been procured and paid for during the year. Accordingly consolidated financial statements of previous periods included statements prepared on the modified cash basis of accounting which included disbursement made during the year and obligation created

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2008

through raising of purchase order, notwithstanding full payments having not been effected in the same reference period. The objective of adopting the said basis of accounting was to allow for material expenditure initiated in the financial year to be charged against the budgetary allocations of respective agencies and programs for the year in question.

On an ongoing basis the Government will continue to prepare its budgets on a modified cash basis which is the cash basis adjusted to account for liabilities existing at 31 December paid by the end of the following February. Resultant withholding taxes on such payments are also accounted for in revenue.

Timor-Leste is at the end of a very long supply chain and due to capacity constraint at the Dili Sea Port, and in the current year the Prime Minister in his directive dated 4th May 2009, paragraph 3 (d) required that the disbursement of obligations for financial year 2008 should be charged against the appropriations for that year for goods and services received up to the date of directive.

On this basis a comparison has been provided between the final budgets and the actual determined in accordance with the 4 May 2009 Prime Ministerial Directive.

In determining the total receipts and payments for the period per the Prime Minister's directive dated 4th May 2009 the following adjustments were made to the Consolidated Statement for Cash Receipts and Payments as at 31 December 2008:

- Payments for goods and services between 31 December 2008 and 4 May 2009, and for goods and services received at up to 4 May 2009 paid for before 30 June 2009 and resultant withholding taxes were accounted for
- Payments made during the period 1 January 2009 to 30 June 2009, reflected in the Consolidated Statement for Cash Receipts and Payments and the payments accounted for in terms of the Directive, were reduced by payments made during that period that were accounted for on a modified cash basis for the period ended 31 December 2007.
