

**STOP THE KILLINGS OF
INDIGENOUS PEOPLES
BY PARAMILITARY GROUPS
IN MINDANAO, PHILIPPINES**

About this Petition

Created by the Asia Pacific Forum on Women, Law and Development (APWLD), this petition is with the support of Madagway Babaeyon, a non-governmental indigenous women's organization in Northern Mindanao, Philippines.

The petition seeks to address the rising human rights violations committed with impunity attacking the indigenous communities of Northern Mindanao—mainly committed by paramilitary forces, backed by the Armed Forces of the Philippines—and press justice for the victims who were mercilessly killed in the course of defending their ancestral domains. This petition also seeks to address the continued harassment against the widows of the slain indigenous leaders, and women's vulnerability in situations of militarization and human rights violations.

The printing of this booklet is supported by the Urgent Action Fund for Women's Human Rights.

Petition Letter sent to:

- Chairperson, Commission on Human Rights (Hon. Loretta Ann Rosales)
- Chairperson, National Commission on Indigenous Peoples (Ms. Zenaida Brigida H. Pawid)
- Secretary, Department of Justice (Ms. Leila M. De Lima)
- President Benigno Simeon C. Aquino III
- NCIP Commissioner, Southern & Eastern Mindanao (Region XI & XIII) (Hon. Roque N. Agton Jr.)

Stop the Killings of Indigenous Peoples by Paramilitary Groups

The Philippine government has an obligation to take swift action in investigating the murders and human rights violations of Indigenous Peoples (IP) by paramilitary groups and resolutely disband them. These groups have robbed IP communities of their right to protest destructive economic development on their ancestral lands, without facing harassment, brutal force and death by companies wishing to silence them.

Recent examples of the cascading series of human rights violations:

On 30, June, 2011, two members of Higaonon IP organisation Linundigan were killed by members of the paramilitary group Salakawan, after a claim was made for their ancestral land by one of Salakawan's members, Laging Binsalan. Datu Lapugotan and Solte San-ogan were fatally shot when Lapugotan's home was attacked while the family, including his wife, four children aged one to 14 years old, and nephew San-ogan, were sleeping. In September 2009, Lapugotan's brother Datu Mampaagi was also murdered by paramilitary groups, when he opposed the entry of mining companies in their ancestral domains.

Following the attacks, both widows of Lapugotan and Mampaagi, Mayse Belayong and Bae Adelfa, were threatened by the paramilitary groups and have had to relocate to safe houses, and find new livelihoods. Other women community members have also been forced to seek shelter from the conflict area, with men staying behind to farm. The women consequently carry the burden of establishing new homes for their families and begin rebuilding their community.

We call on President Aquino and the Philippine government, including the Commission on Human Rights, the National Commission on Indigenous Peoples and the Department of Justice to:

- Investigate the murders of Datu Lapugotan, Solte San-ogan and Datu Mampaagi by paramilitary groups;
- Investigate the threats made against women in the community, charge those responsible and provide reparations to the survivors and the families of the victims;
- Investigate the other cases of extrajudicial killings, harassment and torture of Indigenous Peoples;
- Disband and disarm paramilitary groups in Indigenous Peoples communities;
- Uphold its commitment to international standards, including the United Nations Declaration on the Rights of Indigenous Peoples (Art.32, sec.2).

We stand by the rights of the Indigenous Peoples to their ancestral domains and to their right to self-determination, and support their struggle for the integrity of their culture and traditions.

As these human rights violations continue to escalate, immediate action is necessary.

Philippines: Six human rights defenders go into hiding in relation to the murder of Linundigan Director and his nephew

Urgent Alert by Front Line Defenders

On 11 October 2011, six leading members of Linundigan, an indigenous peoples organisation operating in the Philippine province of Agusan del Sur, went into hiding as they were facing imminent risks of being targeted by paramilitary forces.

Further Information

The organisation's Director and his nephew were killed in an attack by a paramilitary group on 30 June 2011. Linundigan is an organisation that works to promote the rights of indigenous peoples, self-determination and indigenous culture, through education, event organising, networking and lobbying. It operates in the villages of Sinakongan, Aagsabo, Kinamaybay, Bakingking, Maasin and San Jose, which are located in the municipality of Esperanza in the province of Agusan del Sur.

The human rights defenders' decision to go into hiding derives from the attack and killing of Mr Arpe Belayong, Linundigan Director and his nephew, Mr Solte San-ogan, perpetrated on 30 June 2011 by Salakawan, a paramilitary group operating in the area. Mr Belayong's children, Michelle Belayong

(aged 14) and Adeb Belayong (aged 4) were also injured in the attack. The paramilitary still remains within the community and has created fear among the community members. Ms Maysee Belayong, the widow of Arpe Belayong, and her children have found assistance and sanctuary in the low land. The two children are being treated for their bullet wounds.

The six leading members of Linundigan now fear for their own safety. In the last week of August 2011, about 23 individuals from the area, including the human rights defenders' families, had already gone into hiding for the same reason.

Front Line believes that the attacks, threats and harassment against Linundigan members and their families by the Salakawan paramilitary group are related to their legitimate work in the defence of community and ancestral land rights, and their opposition to government-supported logging and mining operations in the area.

Front Line is also concerned that Linundigan has been targeted by the Armed Forces of the Philippines (AFP) and other paramilitary groups. In 2003, the military operation by the AFP and Salakawan forced around 60 families to evacuate. In 2009, Mr Datu Mampaagi Belavong, an elder member of the community and the Founding Chairman of Linundigan was murdered by the Task Force Gantangan, another paramilitary group operating in the area.

Mindanao IPs mourn death of “Fr. Pops”, missionary to the Lumads; Hold Aquino accountable

Monday, 17 October 2011 14:12

Press Statement

It is a great tragedy and irony that during the indigenous peoples month of October, a great advocate of the Lumads has been ruthlessly shot and killed.

Fr. Fausto Tentorio, PIME, Italian priest and missionary to the lumad tribes of Arakan Valley, died of multiple gunshot wounds this morning, October 17, as he was preparing to go to a clergy meeting in Kidapawan City. Initial reports of his death said the assailant is a helmet-wearing, motorcycle-riding gunman, typical of the military death squads that tainted the Arroyo regime.

Kusog sa Katawhang Lumad (KALUMARAN) holds responsible the Oplan Bayanihan of President Aquino as the motivating force behind Fr. Tentorio's death. Fr. Pops, as he was fondly called, had criticized the military for its operations in the community he embraced, and pronounced the “peace and development” programs in Arakan Valley as contrary to the aspirations of the people.

Fr. Pops worked with local indigenous peoples organizations to build a school for Lumad youth in Arakan Valley and develop the local economy through sustainable agriculture. Tinananon-Kulamanon Lumadnong Panaghiusa (TIKULPA), a local organization which he and

his staff have supported through capacity building programs, has stood firm against agri-business plantations and other corporate business interests in the area.

His work has brought ire among local tribal dealers and government officials who want to reap profits from the ancestral domain of the Manobo and other tribes in the area. In 2003, Fr. Pops was hunted down by Bagani paramilitaries in Kitaotao, Bukidnon, but he was shielded by the community and the threat was deterred.

The death of Fr. Pops is a continuation of the reign of terror in Lumad communities that began under the Marcos regime and has persisted through subsequent presidencies. Like his mother, Noynoy Aquino is pursuing a low-intensity conflict strategy against those individuals and communities that work for alternative, community-centered forms of development preventing the entrance of foreign capital and big business in ancestral domain areas and rural communities.

Fr. Pops death was preceded this year by the deaths of Lumad Higaonon leader Datu Lapugotan and his nephew Solte San-ogan in Esperanza, Agusan del Sur, as well as the deaths of Jimmy Arion, Nicomedes de la Peña, Sr., Nicomedes de la Peña, Jr., and Ruben Gatong in San Fernando, Bukidnon. Lumad paramilitary groups formed and supported by the Armed Forces of the Philippines are responsible for their deaths.

KALUMARAN condemns the killing of Fr. Fausto Tentorio and holds the Aquino regime accountable for this crime. The reign of impunity must come to an end!

Madagway Babaeyon condemns the government's move of institutionalizing paramilitaries

Sunday, 16 October 2011 12:25

The Philippine President's approval of the Philippine Army's proposal to have private companies fund military-organized militias will only increase the culture of violence in the already war-torn Lumad (Indigenous Peoples) communities in Mindanao.

"This is an insult to us who have been demanding for justice for years," said Bae Adelfa Belayong, chairperson of Madagway and the widow of Datu Mampaagi, a victim of paramilitaries in 2009. Datu Mampaagi was gunned down by members of the Special Civilian Armed Forces Geographic Unit

Active Auxiliary and the Bungkatol Liberation Front after he vocally opposed the entry of mining in the Higaonon ancestral domain in Agusan del Sur.

"Arming more civilians – more Lumads – would only worsen the arrogance of companies to trample our rights," Bae Adelfa said. "What the government should do is look into these operations on the ground. Why is there so much violence? Instead of pushing their gunpowdered ideas on our already wrecked ancestral domains, they should look if these companies are really welcomed in the first place. What they see is the money that's coming in – money tainted with our blood, money that is not enough to pay for the lives of our slain

tribal leaders who have fought for our rights to our own lands.”

“They have bribed many of our brothers and sisters with their promise of wealth. And this is the worst impact of these mining operations. We, who have been one in culture and traditions for centuries, are now divided. One group standing for our lands, the other for money and power, willing to kill their own kin.”

Just in June this year, another Lumad leader against mining and logging was killed in Esperanza, Agusan del Sur. Datu Lapugotan and his nephew Solte San-ogan died on the spot after their house was strafed by members of the paramilitary group, Salakawan.

The organization also opposes the lifting of the mining permit moratorium which will only increase the aggressiveness of the government in clearing the communities which oppose these extractive industries.
