BRUNEI DARUSSALAM'S VISION 2035

An educated, highly skilled and accomplished people

To seek and build a first class education system that provides opportunities for all

To meet the requirements of the changing economy.

To encourage life-long learning and achievements in sports and the arts

Our quality of life

To provide the people with high standards of living and political stability

To ensure proper care of our environment and the vital supports needed by the people

Our dynamic and sustainable economy

To continue a high standard of living that requires our economic growth to keep pace with population growth

Seek to build an economy that provides the people with quality employment in both public and private sectors and to offer great economic opportunities. *Extracted from the Brunei Times, 8 Apr 2008*
